

Organic Natural Unsweetened Soy Drink Natumi 8x1l

Soya is an extraordinarily valuable plant-based protein source. This soy drink is an excellent base for those who follow a vegan, lactose- or gluten-free diet. It can be used as a cream or milk alternative with a slightly tangy note, for example in cappuccino or in various main dishes and desserts. The soybeans for Natumi soy drinks come primarily from Austria - naturally in organic quality. The soy drink is produced exclusively in Germany. Slightly chilled as a refreshment, also mixed with fruits, juices or tea. The drink can also be used in muesli, as a dessert base and hot or cold like milk for cooking and baking. Unopened and unrefrigerated, it will keep for several months (see best before date). After opening, keep refrigerated and consume within 4-5 days.
