

# Organic Sekowa Backferment gluten-free 2.5kg

Sekowa Backferment is a natural leavening and dough relaxing agent made from corn flour, pea flour, and blossom honey. The leavening power of Backferment also works in doughs made from grains that are difficult to bake such as barley and oats, as well as non-bakeable varieties such as corn, millet, or buckwheat. Sekowa Backferment contains a variety of natural acids and nectar yeasts, making the use of yeast unnecessary. Use approximately 3 g of Backferment per 100 g of flour.
