

# Custard powder Bourbon vanilla organic

**Designation:** pudding powder Bourbon vanilla

**Description:** Pudding powder with ground bourbon vanilla, flavoured, unsweetened. Dry mix for making a creamy custard with real bourbon vanilla and deliciously versatile. A treat for the whole family. Sweeten to taste with sugar, syrup or date sugar (date sugar changes the colour of the cream and sweetens less intensely). Also delicious with our fine apple puree. Do you also like chocolate cream? Nothing could be easier: use 35 g vanilla custard powder and 20 g organic cocoa powder in 500 ml milk. For a particularly rich flavour, melt some dark chocolate into the warm cream. This turns a normal pudding into a rich chocolate cream.

**Preparation:** Measure out 500 ml of milk, mix 55 g of custard powder with a small amount of this (cold) milk, bring the rest of the milk to the boil. Remove the pan from the heat and stir in the pudding powder. Bring to the boil again briefly while stirring continuously. Depending on taste and use, sweeten with about 2-3 tbsp. sweetener such as raw cane sugar or agave syrup. For desserts and baked goods.
