

Peas green split organic

Designation: green peas, halves

Description: FACTS: They belong to the legume family and help to keep our soil healthy. Their roots bind nitrogen from the air and thus increase the fertility of the soil. Their flowers are a welcome source of food for many insects.

Preparation: Cook green peas in water for approx. 60-90 minutes. They are particularly suitable for creamy soups and vegetarian or vegan spreads such as pea guacamole, but also as an ingredient for patties, salads or side dishes.

Ingridients: peas*
