

Chunky peanut butter with salt organic 6x250g | Now Terrasana - same quality

No peanut is like the other. The peanut variety we use for our organic peanut butter, as well as the gentle roasting, give it an intense, full flavour and a special consistency. The small pieces of peanut provide the extra crunch. It is not only delicious as a spread, but also as a base for baked goods like banana bread and savoury dishes like dips, sauces and vegetable dishes. The nut's own oil may settle on the surface. Stirred, it becomes creamy again. TerraSana has been producing creamy nut butters in its own house with solar energy for many years. Through the careful selection of nut varieties and the degree of roasting, the uniquely pure and nutty taste is created.
