

# Organic whole cane sugar

Our whole cane sugar is characterised by a lightly caramelised, pleasantly malty taste and a rich brown colour. Whole cane sugar is made from the pure juice of the sugar cane using traditional methods. The freshly squeezed juice is boiled down to a syrup, cooled and then ground. This preserves the full molasses content. With its unique aroma, our whole cane sugar is the perfect companion for a wide variety of dishes. Use it to sweeten desserts and baked goods, refine your drinks with it or give your savoury dishes an exotic touch.
