

Organic chopped almonds

We only use European almonds! They have a distinctly nuttier and more aromatic flavour compared to overseas almonds. The almond kernels are ivory-coloured, blanched and chopped. The brown skin has been carefully removed using steam. The pieces are approximately 2 to 6 mm in size. They are crisp and firm to the bite. Almonds are a great source of fibre and protein. They are perfect for snacking, baking, cooking, as well as for mixes, toppings, and desserts.
