

Organic thyme rubbed

Designation: thyme rubbed

Description: The rubbed and dried thyme has a grey-green colour and a strong aromatic scent. With its tart, aromatic flavour and a slightly bitter, earthy-smoky note, it is an indispensable spice in any kitchen. After careful harvesting and drying, the small leaves are removed from the plant stalk to guarantee the highest quality. Organic thyme is a versatile spice that is used in many different styles of cooking. It is a tried and tested ingredient in Mediterranean cuisine and adds a special depth of flavour to fish, meat, pasta and potato dishes. Thyme goes particularly well with sauces, tomato and mushroom dishes and is often combined with other popular Mediterranean spices such as basil, oregano and rosemary.

Preparation: Fine Organic Thyme can be used in a wide variety of ways in the kitchen and is an essential ingredient, especially in the Mediterranean cuisine.
