

Organic ground garlic 1kg

Garlic is a bulbous plant with a pungent smell and taste, having a lauch-like aroma, sharp and spicy. Fresh garlic is carefully selected, cleaned, dried and finely ground. As a powder, it is an essential ingredient in many Mediterranean, Indian, and Oriental spice blends, as it complements other spices perfectly. It is the ideal culinary finishing touch for all savoury dishes such as soups, meat, fish, pasta, rice, and potato dishes, salad dressings, and much more. The powder is easy to store and convenient to use when time is short or fresh garlic is not available. Please store in a well-sealed container to keep the surroundings odour-free and the powder easily dosable, as it tends to clump under the influence of moisture.
