

Dark green pumpkin seeds bio Europe, compostable bag 6x200g

The star among pumpkin seeds! These pumpkin seeds come from Europe and are grown without shells (GWS). The flat, oval seeds have a dark green colour and are very aromatic in taste. They are high in protein and a source of fibre. Perfect for snacking, for bread, rolls and baked goods, for muesli, as well as for sweet and savoury dishes. Lightly roasting in a pan intensifies the nutty flavour.
