

# Fenugreek seed whole organic

**Designation:** whole fenugreek seeds

**Description:** Whole fenugreek seeds. The seeds are light to medium brown in colour and have a persistent, sweetish-bitter, pungent flavour. They develop their full flavour when they are lightly roasted - this also reduces their bitterness. The seeds are slightly reminiscent of lovage in flavour and are an important ingredient in many curry mixtures. They are suitable for flavouring curries, vegetable, legume, fish and meat dishes. They are also suitable as a bread spice and lend a nutty flavour to fine cheese creations.
