

Organic Ground Turmeric 250g

Turmeric is part of the ginger family. For our powder, the cleaned and dried root is finely ground. The most noticeable feature is probably the vibrant yellow colour, but turmeric can also impress with its taste. It is mildly spicy with a slightly bitter note. When cooking, the warm aroma unfolds and enchants rice dishes, curries made from legumes, sauces, and dips. In the bakery, it can be used to colour doughs. A wonderful mood-enhancing drink is the popular "Golden Milk". It brings sunshine into the glass. The colouring spice has been used in India for over 4000 years and is an indispensable part of most curry mixtures.
