Designation: apple rings

Description: Soft, dried apple rings from organic cultivation in Europe. The rings have a golden yellow to light brown colour. Their flavour is typically fruity and varies from rather sweet to sweet and sour, depending on the apple variety used. The apple rings are a fibre-rich, natural snack and therefore an ideal snack between meals. Enjoy this tasty treat on its own, in mixtures or chopped up in muesli, porridge and as an ingredient for energy bars and balls. Also suitable as an ingredient for cake and muffin batters, best flavoured with a generous pinch of Ceylon cinnamon.
