

oat drink concentrate organic Natumi 10x0,5l

The Natumi organic oat drink concentrate is an innovation: from just 0.5 litres of concentrate you will get 1.5 litres of delicious plant-based drink. This is how sustainability works. This product is particularly easy to handle as a concentrate: it takes up less space, saves weight and packaging material during production, transport to the shop, storage in the pantry and fridge. Once prepared, the mild oat drink is ideal for breakfast, as a drink, in baked goods and for other creations. The concentrate has even more uses. If you've been missing a touch of dairy-free creaminess, simply add it to your coffee, tea or sweet dishes. The oats are sourced exclusively from German farms and the product is manufactured in Germany.
